Young Entrepreneurs!

We are really impressed with 4 of our wonderful pupils.

Amaya, Saffia, Lilia and Ophelia have shown real entrepreneurial spirit by making and selling loom bands.

All the proceeds have kindly been donated to school fund. A *massive* thank you and well done to all of you and watch out Alan Sugar!

Polite Reminder

Parking and general traffic has become a problem on the roads around school. Please can we remind our parental community that they should not be blocking neighbours drives or parking inconsiderately. Please also do not drop your child in the turning circle on Brandon Avenue.

Please see below the details for a community event that takes place each month. This event is open to everyone, free to attend and the children are provided with a lunch! All children must be accompanied by an adult. This event usually takes place on the first Sunday of each month, **with the exception of October where it will take place on Sunday 8th.**

Well done Mr Dudley!

Our resident expert mathematician, Mr Dudley has been involved in presenting a Numicon webinar to over 200 participants. As the maths lead in our Numicon Advocate school, Mr Dudley was invited by Oxford University Press to share his good practice including how to use Numicon to identify knowledge gaps, and the impact of manipulatives on memory, understanding and progress. Well done Mr Dudley, we are all very proud of you! And thank you for representing PV so admirably!
